

# ActiveSync Setup for Android

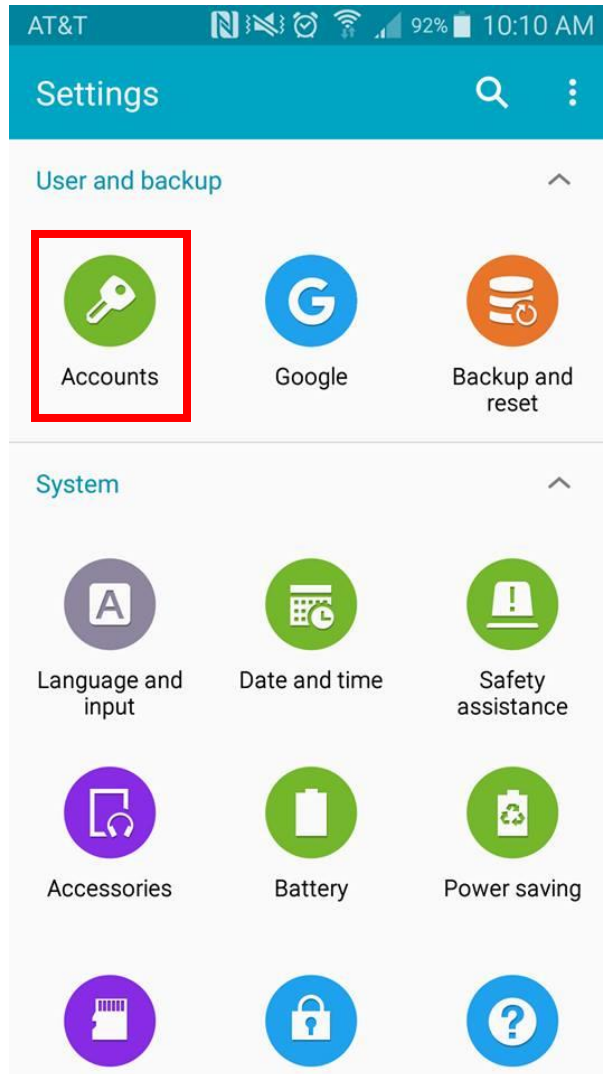

## UCF Exchange Android ActiveSync Activation

NOTE: The following setup and screenshots were taken with a Samsung Galaxy S5. Depending on model, setup screens may vary.

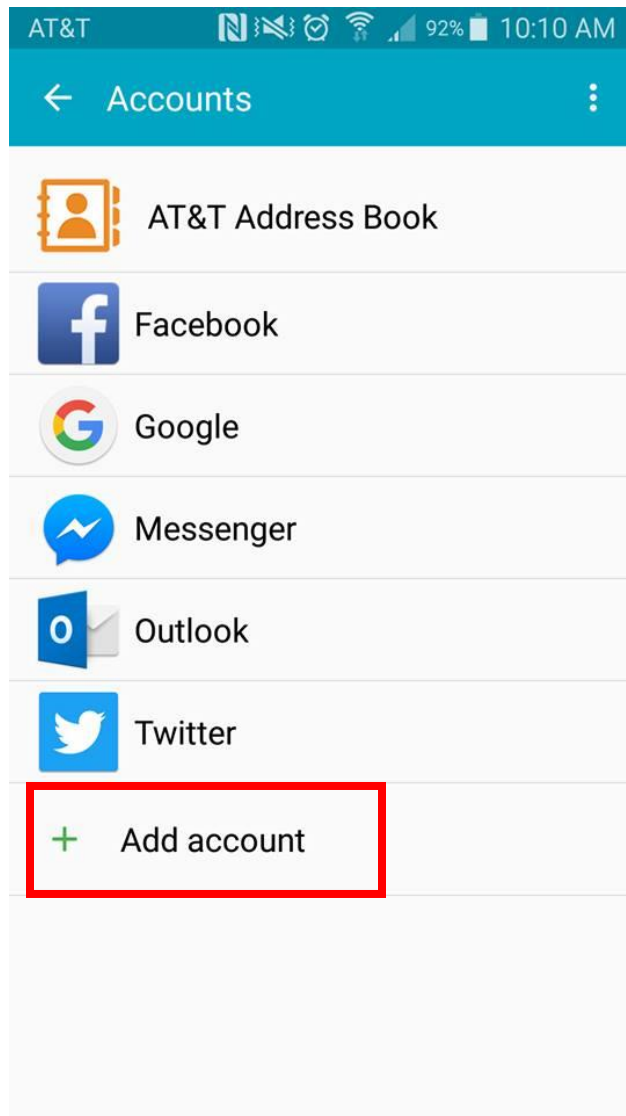

1. From the Android Home menu, choose the **Settings** icon.

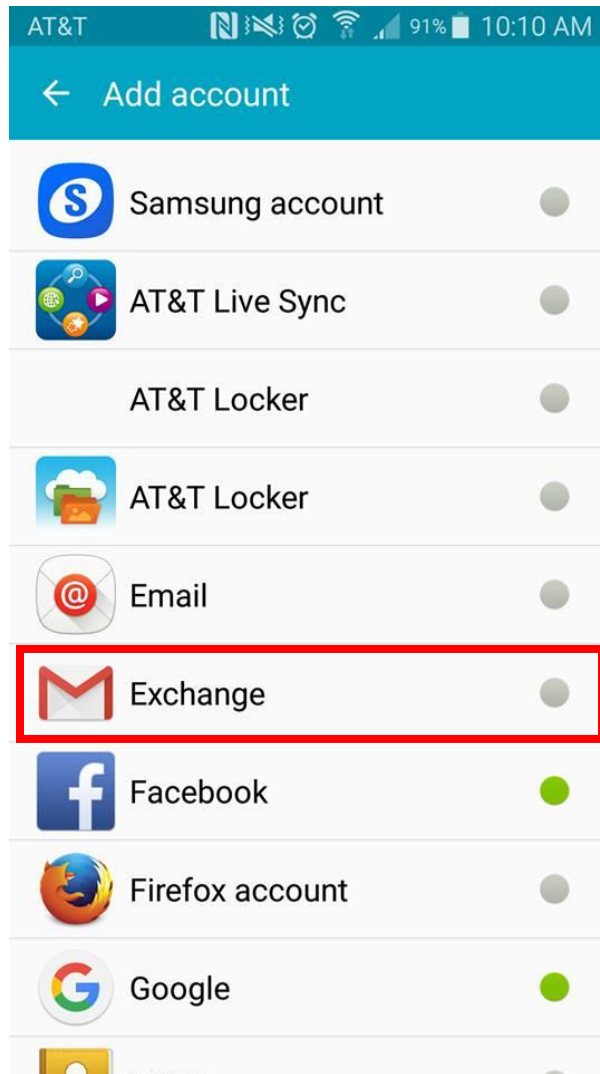

- From the Settings menu, select **Accounts**.

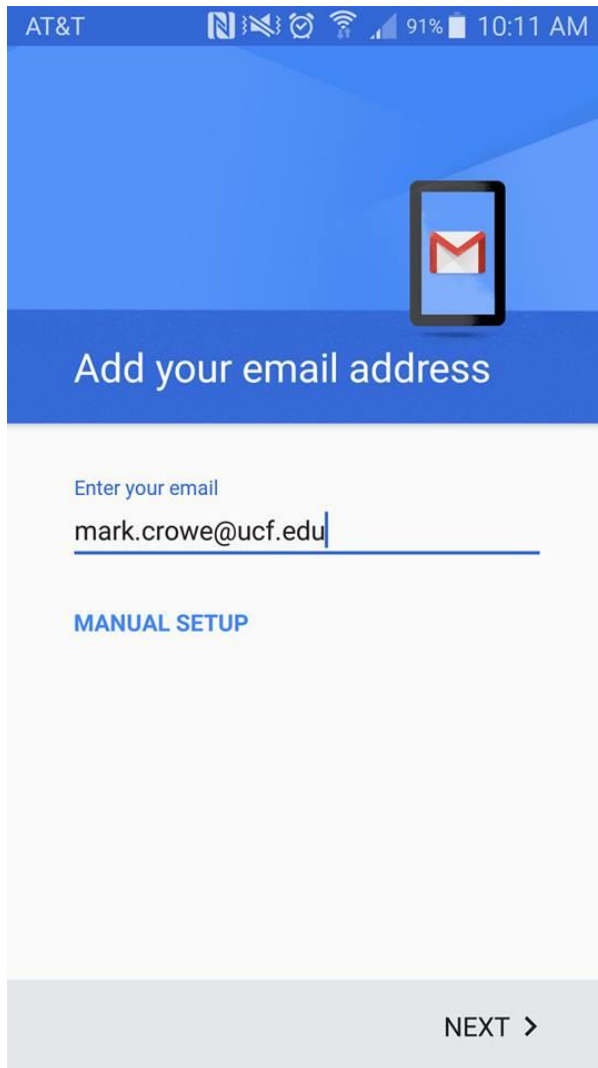

3. Select **Add account**.

4. Click **Exchange**.

5. Input your email address and then click **Next**. Enter your password on the following screen.
