Mail Client Setup for Windows 10

UCF Exchange Windows 10 Mail Client Setup

1. From the Window 10 notifications screen, select All settings.
2. From the Settings menu, select **Accounts**.
3. Select **Email & app accounts**.
4. Then **Add an account.**
5. Under Choose an account, click **Exchange**.
6. Enter Email address.
7. Then enter the password.
8. Enter your NID@ucf.edu.
9. You will then be finished setting up your account.
