How to Sign In to Your New UCF.edu Email

A step-by-step guide for UCF students

1 Confirm that you have received a confirmation email from Accelerate365@ucf.edu that your Knights Mail has been migrated to your new ucf.edu email.

Do not sign into your NID@ucf.edu account if you have not been notified that your email has officially been migrated.
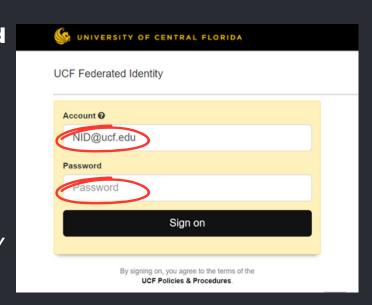

https://www.webmail.ucf.edu/

2 Visit https://www.webmail.ucf.edu/ to sign in to your new email account. Using the previous Knights Mail sign in will not work.

3 Type in your NID followed by @ucf.edu under the "Account" field and your NID password under the "Password" field.

If you do not know what your NID is, visit https://my.ucf.edu/ and select "What is my NID?" right below the gold sign-in button.
